

# QWEST iQ INTEGRATED ACCESS PACKAGES

## THE POWER OF HIGH-SPEED DIGITAL TRANSPORT AND DYNAMICALLY ALLOCATED BANDWIDTH ON THE SAME CIRCUIT

The Qwest iQ<sup>®</sup> Integrated Access Package provides a simple solution that combines both voice and data over the same circuit. Additional features are integrated into the product to assist in running your business more efficiently. Competitively priced, Integrated Access allows you to transition from standard telephone service to Voice over Internet Protocol (VoIP) without the need to replace your current telephony equipment. With dynamically allocated voice bandwidth on demand, you have the opportunity to build a solid, stable communications foundation that will grow with your expanding business needs and provide the competitive edge to succeed in the marketplace.

### DESCRIPTION

The Qwest iQ Integrated Access Package is provided over either a DS1 or 2xDS1 circuit that can be used to transfer data, access the Internet and have real-time, two-way voice calls via IP. It is designed to meet the voice and data needs of single and multi-location businesses. You can make off-net local toll, domestic long distance and international calls to end users on the public switched telephone network (PSTN) as a low-cost option. Also available are popular calling features like caller ID and voice mail. Additionally, calls between users on the Qwest<sup>®</sup> VoIP network are at no additional charge, which is a powerful feature that delivers savings on calls between your locations and your business partners. Qwest delivers all of this as a robust nationwide offering, providing your business with the tools and support for all of your communications needs.

### BENEFITS

- Simple solution—Local, long distance, international voice, and data services from one provider.
- Cost savings—Single and multiple business locations benefit from this technology and reduce overall communication costs. By leveraging your current investments in existing private branch exchange (PBX) and key system equipment, you have the flexibility to spend in other essential areas of your business.
- Pivotal product for advanced technologies—Qwest can provide an integrated solution that meets your specific needs using a flexible IP network. The service also provides a foundation to move your business to higher-end products.
- Increased efficiency—Management of both voice and data telecommunications needs is bundled into one technology.

### FEATURES

- Consolidation of multiple traffic types over the same circuit.
- Supports DS1 and 2xDS1 data speeds.
- Up to 46 Integrated Access voice lines available per circuit.
- Real-time dynamically allocated bandwidth between voice and data channels.
- Unlimited local and on-net calling.
- Customizable feature configurations to meet your daily needs.
- Termination to existing PBX or key system equipment.
- Selectable voice mail capabilities.
- Customer portal to manage service feature changes.

## **HOW IT WORKS**

The Qwest iQ<sup>®</sup> Integrated Access Package uses VoIP technology to provide dynamically allocated bandwidth between voice and data in real-time. The offering is an IP-based solution that integrates local and long distance voice with Internet access on the same circuit. VoIP technology gives customers the advantage of using the entire circuit for Internet access when phones are not in use. The Qwest technology management team has built thresholds within the product to provide high IP quality, regardless of the number of voice lines in use.

## **WHY BUY FROM QWEST?**

- Network technology—Tier 1 carrier-class network.
- Breadth of the product—Qwest has a nationwide footprint to meet all your business needs.
- Dependable account team service—Qwest has an extensive infrastructure and abundant support/resources to provide a stable solution.
- Extensive product integration—Qwest's full portfolio of services can be your single-source solution.
- Qwest Nationwide IP Network—Service is carried over Qwest's nationwide IP network. As a frontrunner in VoIP provisioning, Qwest will prepare you to move into the future.
