

Chapter 1: Getting Started

Overview

Introduction This chapter explains how to configure your browser for the **Qwest Control**[®] system, as well as logging into and navigating in Qwest Control.

In this Chapter This chapter contains the following topics.

| Topic | See Page |
|-----------------------------------|----------|
| Overview | 1 |
| Configuring Your Browser | 2 |
| Adding Trusted Sites | 4 |
| Enabling Automatic File Downloads | 6 |
| Pop-Up Blocker | 8 |
| Pop-Up Blocker Settings (Without) | 8 |
| Pop-Up Blocker Settings (With) | 12 |
| Qwest Control Login Page | 16 |
| Wholesale Customer Service | 17 |
| Self Registration | 19 |
| Requesting a New Password | 25 |
| Accessing Qwest Control | 29 |
| Permissions | 31 |
| Navigating Qwest Control | 35 |
| Qwest Control Landing Page | 36 |
| Accessing Online Help | 38 |
| Accessing Live Help | 39 |
| Logging Out | 42 |

Configuring Your Browser

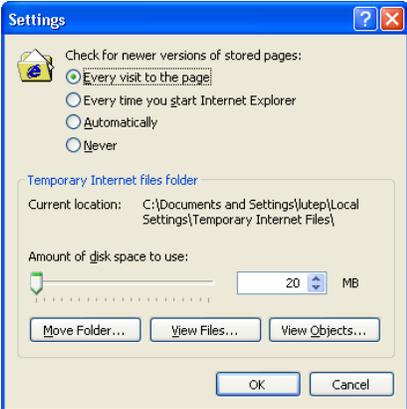

Introduction

If you use **Microsoft Internet Explorer (IE)**, you must configure your browser in order to use Qwest Control. You must configure the **Temporary Internet Files** setting to avoid problems with the system.

Note: If your browser is **Netscape or Firefox**, you do not need to configure any settings.

Procedure

Follow the steps in the procedure below to configure the **Temporary Internet Files** setting for internet explorer.

| Step | Action |
|------|--|
| 1 | <p>From the Tools menu, select Internet Options.</p> <p>Result: The Internet Options window appears.</p>  |
| 2 | <p>From the Temporary Internet Files section of the General tab, click .</p> <p>Result: The Settings window appears.</p>  |

Continued on next page

Configuring Your Browser, Continued

Procedure (continued)

| Step | Action |
|------|--|
| 3 | Select the Every visit to the page radio button. |
| 4 | Click  . Result: Internet Explorer records your selection and closes the Settings window, returning you to the Internet Options window. |
| 5 | Click  . Result: Internet Explorer commits all the selections you made and closes the Internet Options window. |

Adding Trusted Sites

Introduction

In order for the **Qwest Control** and **Remote Control** applications to work effectively under a high security setting, we recommend you add the following application URLs to your designated **trusted sites**:

- <https://control.qwest.com>
- <https://rmc.qwest.com>

Procedure

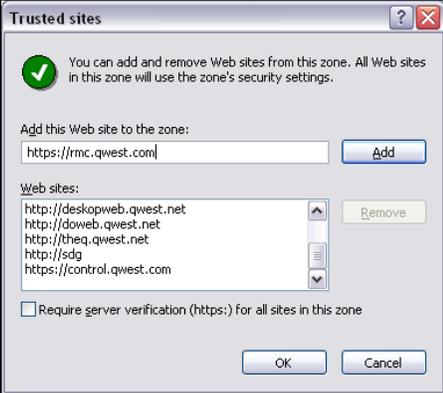

Follow the steps in the procedure below to designate your **Trusted Web Sites**.

| Step | Action |
|------|--|
| 1 | <p>From the Tools menu, select Internet Options.</p> <p>Result: The Internet Options window appears.</p>  |
| 2 | <p>From the Internet Options window, click on the Security tab.</p> <p>Result: The Security screen appears.</p>  |

Procedure (continued)

| Step | Action |
|------|---|
| 3 | From the Security screen, click on the Trusted Sites (✓) icon. |
| 4 | <p>Click .</p> <p>Result: The Trusted Sites window appears.</p>  |
| 5 | In the Add this Web site to the zone field, enter https://control.qwest.com . |
| 6 | Click  . |
| 7 | In the Add this Web site to the zone field, enter https://rmc.qwest.com . |
| 8 | Click  . |
| 9 | Click  . |
| 10 | <p>Click .</p> <p>Result: The Qwest Control and Remote Control applications are added to your trusted web sites.</p> |

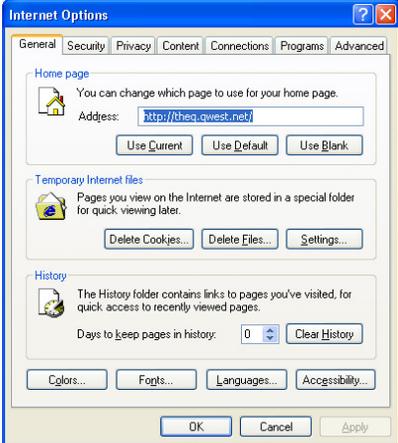

Enabling Automatic File Downloads

Introduction

To automatically proceed with **file downloads** from the Qwest Control or Remote Control applications, this section provides you instructions on how to proceed with this setting.

Procedure

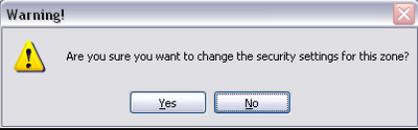

Follow the steps in the procedure below to define your **Download** settings.

| Step | Action |
|------|--|
| 11 | <p>From the Tools menu, select Internet Options.</p> <p>Result: The Internet Options window appears.</p>  |
| 12 | <p>From the Internet Options window, click on the Security tab.</p> <p>Result: The Security screen appears.</p>  |

Continued on next page

Enabling Automatic File Downloads, continued

Procedure (continued)

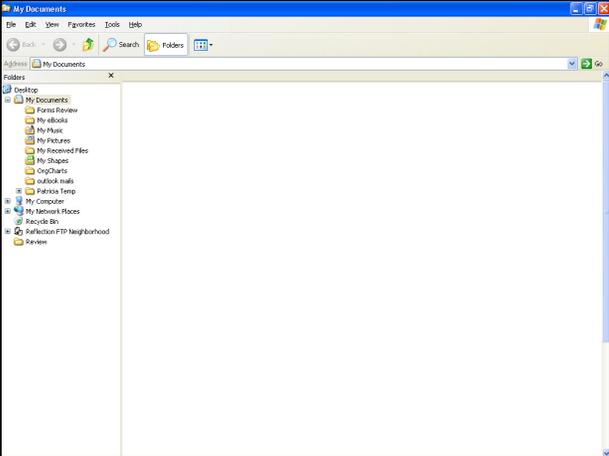

| Step | Action |
|------|--|
| 13 | <p>From the Security screen, click .</p> <p>Result: The Security Settings window appears.</p>  |
| 14 | <p>From the Security Settings window, locate the Download () options.</p> |
| 15 | <p>From the Automatic prompting for file downloads option, click on the Enable radio button.</p> |
| 16 | <p>Click .</p> <p>Result: You will be prompted with the following warning.</p>  |
| 17 | <p>Click .</p> |
| 18 | <p>Click .</p> <p>Result: You now have the ability to automatically open files, forms, etc. found in the Qwest Control or Remote Control applications.</p> |

Pop-Up Blocker

Introduction If you use **Windows 2000** and **XP/IE (5.5 or 6.0)**, you must configure your browser settings to allow the ability to open or save forms/documents after selecting any Qwest Control web links.

Pop-Up Blocker Settings (Without)

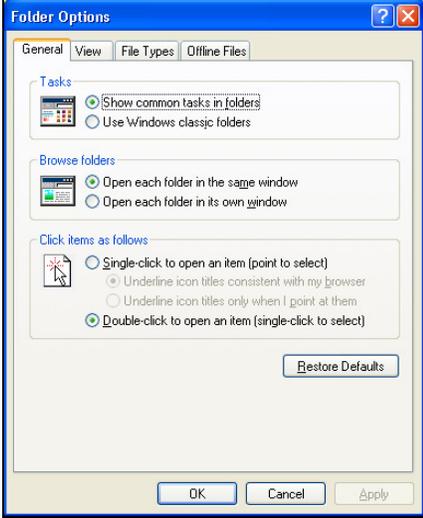

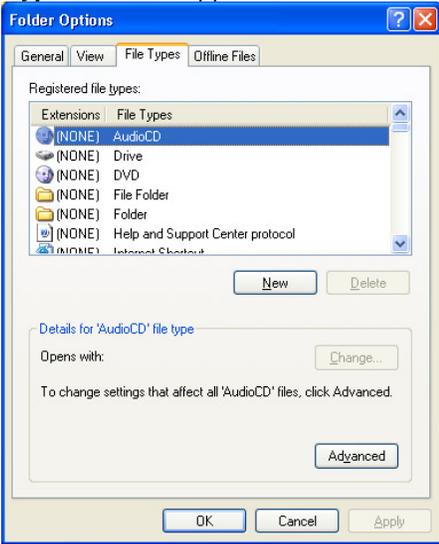

Procedure For users **without a Pop-Up Blocker**, please follow the steps in the procedure below to configure your settings.

| Step | Action |
|------|---|
| 19 | <p>Open Windows Explorer.</p> <p>Result: The Windows Explorer appears.</p>  |

Pop-Up Blocker Settings (With), continued

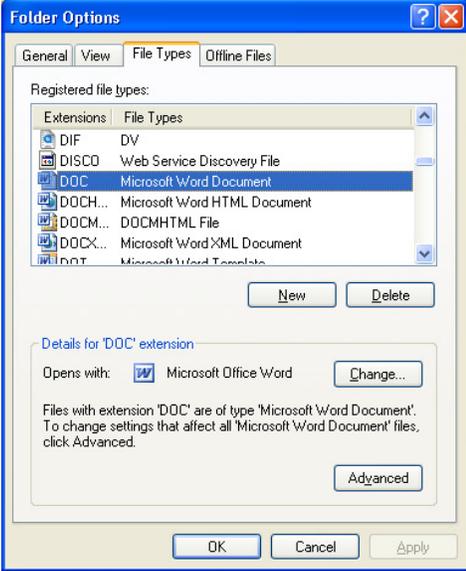

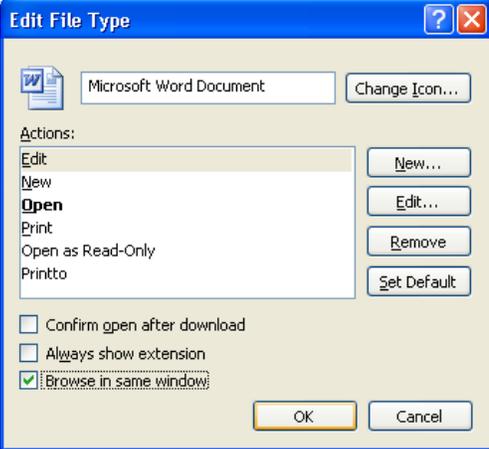

Procedure (continued)

| Step | Action |
|------|---|
| 33 | From the Edit File Type window, uncheck the Always show extension option. |
| 34 | From the Edit File Type window, check the Browse in same window option. |
| 35 | Click  . Result: Windows Explorer records your selection and closes the Edit File Type window, returning you to the Folder Options window. |
| 36 | Click  . Result: Windows Explorer commits all the selections you made and closes the Folder Options window. Note: This will enable forms/documents to be opened in MS Word rather than opening them in an IE browser. You will be able to resize and save the document. If other document extensions are needed, please follow steps 1-10 in this section for each file type. |

Qwest Control Login Page

Description

The **Qwest Control Login** page provides you a welcome to the Qwest Control application, access to a demo of the system, information on self registration, the ability to request a new password, access to contact information and general Qwest information at your fingertips; including:

- Business Solutions
- Customer Service
- Qwest.com
- About Qwest

Note: The “**Find a Qwest Representative near you.**” functionality is not available for Wholesale customers; please contact the Wholesale National Service Delivery Center at 1-800-291-7707 to locate your local Qwest representative.

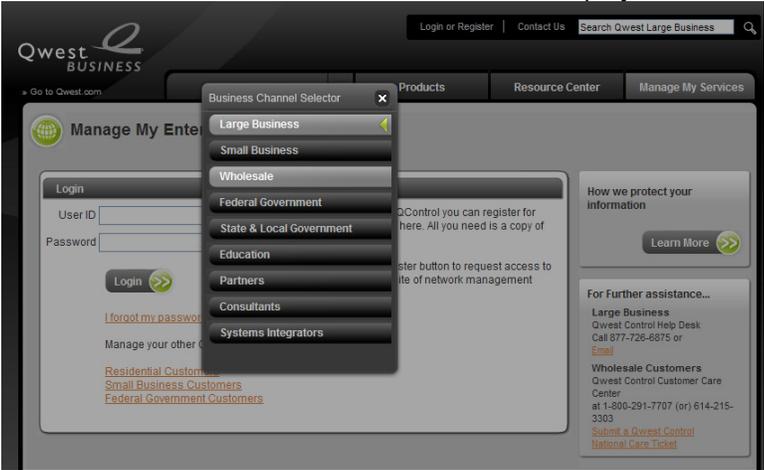

Example

An example of the **Qwest Control Login** page appears below.

The screenshot shows the Qwest Control Login page. At the top left is the Qwest Business logo. To the right are links for 'Login or Register' and 'Contact Us', and a search bar with the text 'Search Qwest Large Business'. Below this is a navigation bar with 'Large Business', 'Products', 'Resource Center', and 'Manage My Services'. The main content area is titled 'Manage My Enterprise Services' and contains a 'Login' section with fields for 'User ID' and 'Password', a 'Login' button, and a link for 'I forgot my password'. There is also a 'Register' section with a 'Register' button and a 'How we protect your information' section with a 'Learn More' button. A sidebar on the right provides 'For further assistance...' with contact information for Large Business and Wholesale Customers.

Wholesale Customer Service

Procedure If you need to find your account contacts, have a question about a product or service, or are having a technical difficulty, follow the procedure below to contact us.

| Step | Action |
|------|--|
| 37 | <p>From the Qwest Control Log In page look on the right hand side. You can either call or send a ticket to our centers.</p> <div data-bbox="781 478 1166 716" style="border: 1px solid gray; padding: 5px;"> <p>Wholesale Customers Qwest Control Customer Care Center at 1-800-291-7707 (or) 614-215-3303 Submit a Qwest Control National Care Ticket</p> </div> |
| 38 | <p>If you want find out more wholesale information from the Qwest Control Log In page, click on green down arrow.</p> <p>Result: A list of Business Channel Selector displays.</p>  |

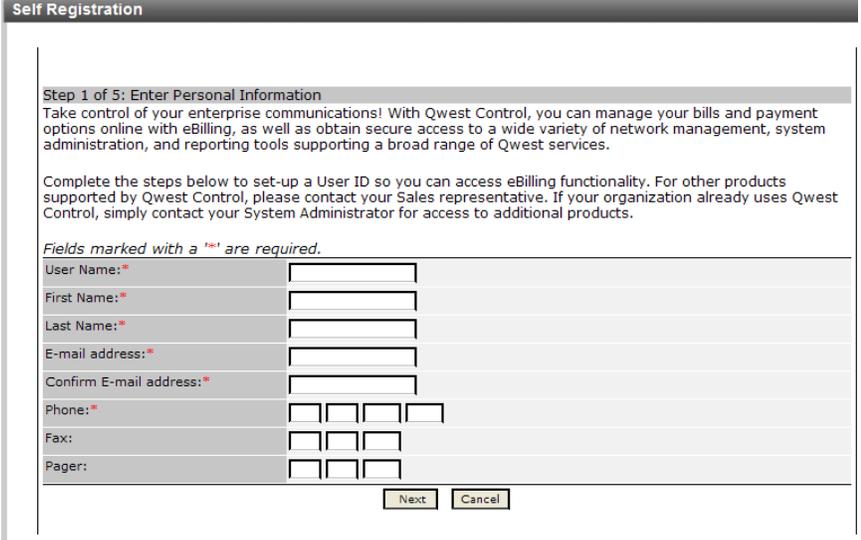

Continued on next page

| | |
|-----------|---|
| <p>39</p> | <p>From the drop down screen, select Wholesale. Result: The Wholesale Landing Page screen appears.</p>  |
| <p>40</p> | <p>From the Wholesale Landing Page screen, you can click on Products & Services, Customer Service or Manage My Account. If you want to find the Qcontrol user guides select Manage My Account. Under the Qcontrol section click on Click here to view the Qwest Control User Guides.</p> |

Self Registration

Procedure If you are a new user to the Qwest Control system, you may self register for access to Qwest Control's full suite of management tools.

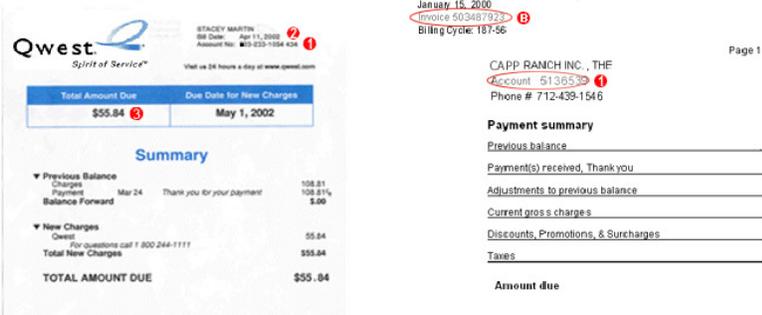

Follow the steps in the procedure below to self register for access to the Qwest Control system.

| Step | Action |
|------|--|
| 41 | <p>From the Qwest Control Log In page, click on the Register >> button.</p> <p>Result: Step 1 of 5 screen appears.</p>  <p>Follow the steps and notice that there are required fields.</p> <ul style="list-style-type: none"> • Enter a username, hopefully something that is rememberable • Enter your first name • Enter your last name • Enter your email address • Enter your phone number • Enter fax and pager |

Accessing Qwest Control

Overview

You may log into the **Qwest Control** system by directly accessing the link below or typing the URL in your Internet Browser's address window:

<https://control.qwest.com>

Software License Agreement

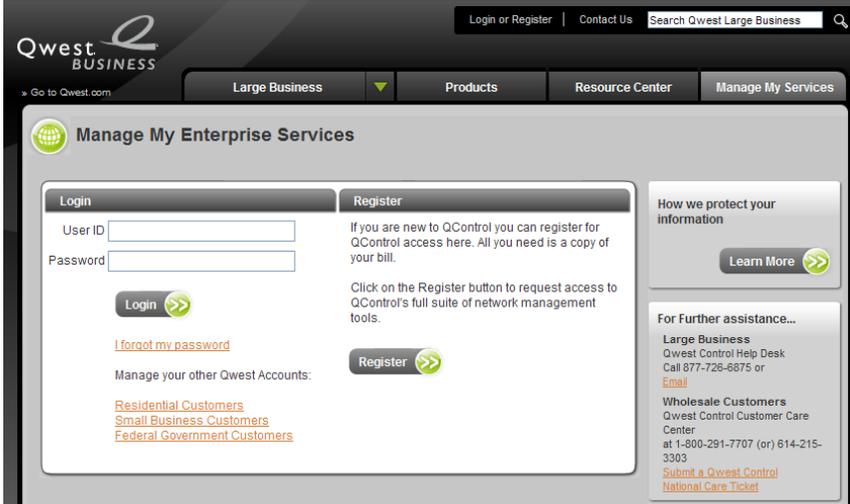

Each user is required to accept a software license agreement upon first accessing the Qwest Control system. All use of the Qwest Control system is subject to the terms and conditions of the license.

Passwords

Qwest Control prompts you to change your password upon first login into the system. In addition, passwords expire every 90 days and the system will prompt you to change your password.

Procedure

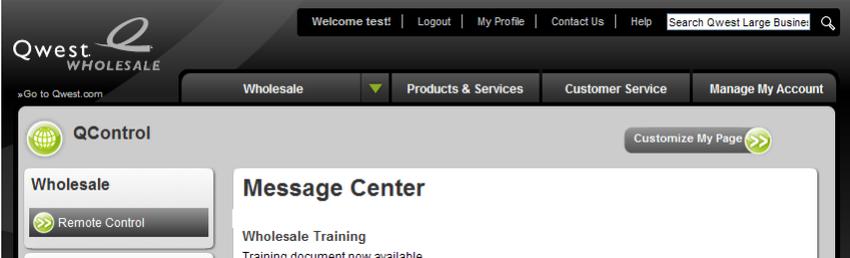

Follow the steps in the procedure below to access the **Qwest Control** system.

| Step | Action |
|------|---|
| 64 | <p>In your browser's Address bar, enter the URL for the Qwest Control system.</p> <p>Result: The Qwest Control Log In page appears.</p>  |
| 65 | <p>In the Username field, enter your unique user identifier.</p> <p>Note: If you do not know your username, please contact the Wholesale National Service Delivery Center at 1-800-291-7707.</p> |
| 66 | <p>In the Password field, enter your password.</p> |

Try logging in again, making sure you enter everything correctly. If you still cannot log in, please contact the Wholesale National Service Delivery Center at 1-800-291-7707.</p> |

Permissions

Overview

Qwest Control defines several permissions for both the Qwest Control and Remote Control system; these permissions allow the user to perform specific tasks. As a Customer System Administrator you can choose from any or all of the defined permissions to assign to your user. In addition, you will have control of the billing accounts each user has access to.

Note: Certain permissions are granted to the user by default when the user account is created. As the Customer System Administrator, you **cannot** delete these permissions. You may only delete permissions granted to the user after the user account is created.

Permission Assignment

A Customer System Administrator (CSA) has the ability to assign one or more permissions to each user account. Each permission allows a pre-defined series of tasks. Your users can only perform those tasks associated with their assigned permission(s). Likewise, your users cannot perform a task if they have not been assigned the associated permission.

Note: In order for a user to have access to both the Qwest Control and Remote Control functionality a permission must be assigned to the user for both applications by the CSA.

Passwords

Passwords in Qwest Control must be at least 8 characters in length and contain at least one numeric or symbol character. These values are case sensitive.

Qwest Control prompts you to change your password upon first login into the Qwest Control system.

Qwest Control Permissions

The table below provides the available permission names and descriptions for the Qwest Control system.

| Permission Name | Description |
|----------------------------------|---|
| ANI Admin User Group | Group that gives access to admin functionality in LD |
| ANI Basic User Group | Group that gives access to basic functionality in LD |
| Data Admin User Group | Members of this group have comprehensive access to the Data product features (both present and future). |
| Data Basic User Group | Members of this group have view only access to the Data product information. |
| eBill Admin User Group | Members of this group have comprehensive access to the eBilling functionality for this product (both present and future). |
| eBill Advanced User Group | Members of this group can manage eBilling features and functions. |

| eBill & Download Only | Members of this group have access to the eBill and Download functionality only. |
| Online Order Forms Only | Members of this group have access to the Online Order Forms functionality only. |

Navigating Qwest Control

Overview

Each tool in Qwest Control is structured into levels that allow quick and easy access to your account information.

- **Modules** are the highest level of organization within the system.
 - **Applications** are the individual services available to you within each Module. For example: Data and Toll Free are applications within the Products module.
 - **Menus** allow you to find what you need within each Application; sub menu items may exist.
 - **Screens** are the lowest, base level. Screens allow you to view and work with your service components. Screens are grouped under Menus.
-

Modules

The Qwest Control system consists of modules including the following:

- **Home:** General Qwest Control Notices
 - **Services:** Detailed product information including Inventory, statistics, and configurations.
 - **Billing:** View bills and run summary reports.
 - **Repair:** View and enter repair tickets for your products.
 - **Administration:** Create and manage your users of Qwest Control.
 - **Remote Control:** Provides a seamless login to the Remote Control system.
-

Applications

Applications are independent systems within each Qwest Control Module. The Qwest Control system is dynamic, so within each Module you will only see those Applications that apply to your services.

For example, if you do not receive Frame or ATM services, you will not see the Data application under the Products Module. When you select a Module from the title bar, the application associated with the Module appears below that Module.

Navigating Qwest Control, continued

| | |
|--------------------|--|
| Menus | <p>Menus organize the screens within an application into logical groupings. When you select an application, the associated Menu appears beneath the application name.</p> <p>Each menu may have more than one screen associated with it. If this is the case, moving the mouse over a Menu item introduces a list of its screens to appear. Clicking a menu name takes you to the first screen associated with that Menu.</p> |
| Screens | <p>Screens are the lowest level of navigation in the Qwest Control system. Screens allow you to access detailed information about your products and to enter the information necessary to manage and configure your service components.</p> <p>Many screens are divided into sections. These sections give you options for working with the data displayed in the screen. As you move through the system, you will note that many of these sections are consistent regardless of the screen you are viewing.</p> |
| Filters | <p>Any screen that displays a large volume of information, such as a list of service components, will have a Filters section. This section allows you to enter specific criteria for the items you want to see listed.</p> <p>For example, on the View Alarm Status screen, you can create a filter so that the screen will only show alarms that are currently open.</p> |
| Functions | <p>Some screens display information to which you can add. These screens will have a section called Functions. The Functions section gives you options for working with or adding to the data on the screen.</p> <p>For example, the Network Groups screen (under Products > Data > Inventory) has an option to create a new Network Group in its Functions section.</p> |
| Screen Data | <p>Typically the information on a screen is organized in a table format. To access more information about any item in a table, click on the item's name.</p> |

Qwest Control Landing Page Module

Introduction

The **Qwest Control** landing page provides you access to all the modules of the Qwest Control system. The Home page is divided into two main quadrants; the left side has access to Services, Billing, Repair, and Administration. The rest of the page is dedicated to the message center and portlets. The portlets are customizable windows for your services.

In addition to these quadrants, you can also access Help (which includes Click to Chat), Contacts, Profile, and tabs to the Wholesale home page, Products & Services, Customer Service, and Manage My Account from the Qwest Control Landing page.

NOTE: Once you have navigated away from the landing page you can always return to the landing page by clicking on the **Qcontrol** in the upper right and side or clicking on the Manage My Account.

Sections and Descriptions

The table below describes the sections displayed on the **Landing Page** module.

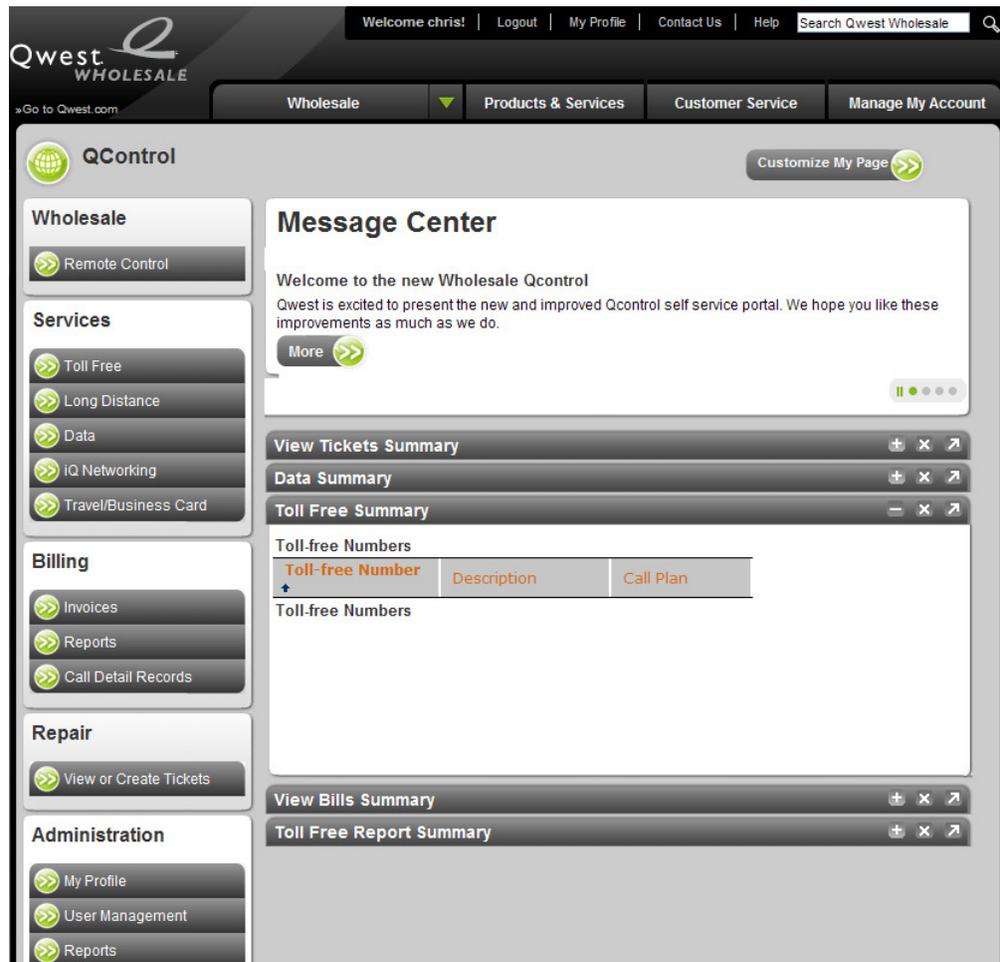

| Section | Description |
|-----------------------|---|
| Logout | This link that is located in the top middle section of the screen, allows you to log out of the Qwest Control system. |
| My Profile | The My Profile application allows you to manage your password, contact details and address information. |
| Contact Us | This link shows the Wholesale Contact Information. This can either be calling customer care, submitting a National Care Ticket, or Live Chat! |
| Help | This is a drop down that gives you access to Live Help (Click to Chat), main contact information, navigation to User Services Guide, and Help Content. You will also find your name, your company name, and the enterprise ID for the account. |
| Tab bar | These tabs allow direct access to the Wholesale .com site pages. This includes; <ul style="list-style-type: none"> • Wholesale – Main Wholesale Home page • Products & Services – Shows all Products and Services that wholesale offers • Customer Service – Main Wholesale page to contact us • Manage My Account – Allows navigation back to Qcontrol |
| Remote Control | This allows seamless login into the Remote Control module |
| Services | This will allow access to the services that your CSA has granted you permission to for your enterprise. |
| Billing | Only accessible if you have been granted permission. This allows access to eBilling and Call Detail Records. |
| Repair | Only accessible if you have been granted permission. This allows access to create and view repair tickets. |

Continued on next page

| | |
|--------------------------|---|
| Administration | This will allow access to many modules which will vary based on the permissions granted to you by CSA. A full list of modules is located below. |
| Message Center | This section provides additional information about system enhancements, maintenance schedules and promotional details. |
| Customize My Page | This link allows users to re-add portlets that have been previously deleted from the landing page. |

Example

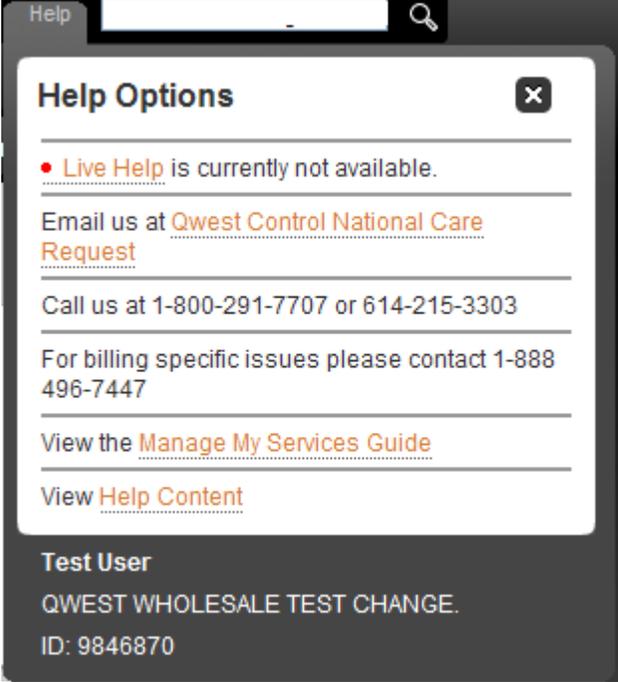

An example of the **Qwest Control Home** page appears below.

Accessing Online Help

Overview Each Qwest Control module provides a help file. By clicking on the **Help** link at the top of each page You can then click on [Live Help](#), [Manage My Services Guide](#) or [Help Content](#).

Procedure Follow the steps in the procedure below to access **Online Help** from the Qwest Control system.

| Step | Action |
|------|---|
| 68 | <p>To access Online Help file for any screen, click the help link  in the upper right hand side of the screen.</p> <p>Result: The Help screen appears as a separate window on top of your current screen.</p>  |
| 69 | <p>Live Help will give you access to click to chat. Qwest Control National Care Request will send a ticket to the national care center. Manage My Service Guide gives access to the Qcontrol user guides. Help Content will give you access Qcontrol Help system.</p> |

Accessing Live Help

Overview The **Live Help** functionality is available for Wholesale customers. This module will allow you to start a chat session with a Qwest wholesale service representative.

Procedure Follow the steps in the procedure below to access **Click to Chat**.

Note: Click to Chat is also available by clicking on Contact Us and clicking on the 'Go' button next to Live Chat!

| Step | Action |
|------|--|
| 1 | <p>From the Landing Page module, click on the Help link.</p> <p>Result: The Help Options drop down will appear.</p>  <p>The screenshot shows the Qwest Wholesale QControl interface. At the top, there is a navigation bar with 'Welcome christ!', 'Logout', 'My Profile', and 'Contact Us'. A 'Help' dropdown menu is open, displaying 'Help Options' with a search bar and a close button. The menu items include: 'Live Help is currently not available.', 'Email us at Qwest Control National Care Request', 'Call us at 1-800-291-7707 or 614-215-3303', 'For billing specific issues please contact 1-888 496-7447', 'View the Manage My Services Guide', and 'View Help Content'. At the bottom of the menu, it shows the user's name 'chris test', 'QWEST WHOLESALE TEST CHANGE', and 'ID: 9846870'. The background of the screenshot shows the main interface with 'Wholesale' and 'Services' sections, and a 'Message Center' with a welcome message and a 'More' button.</p> |

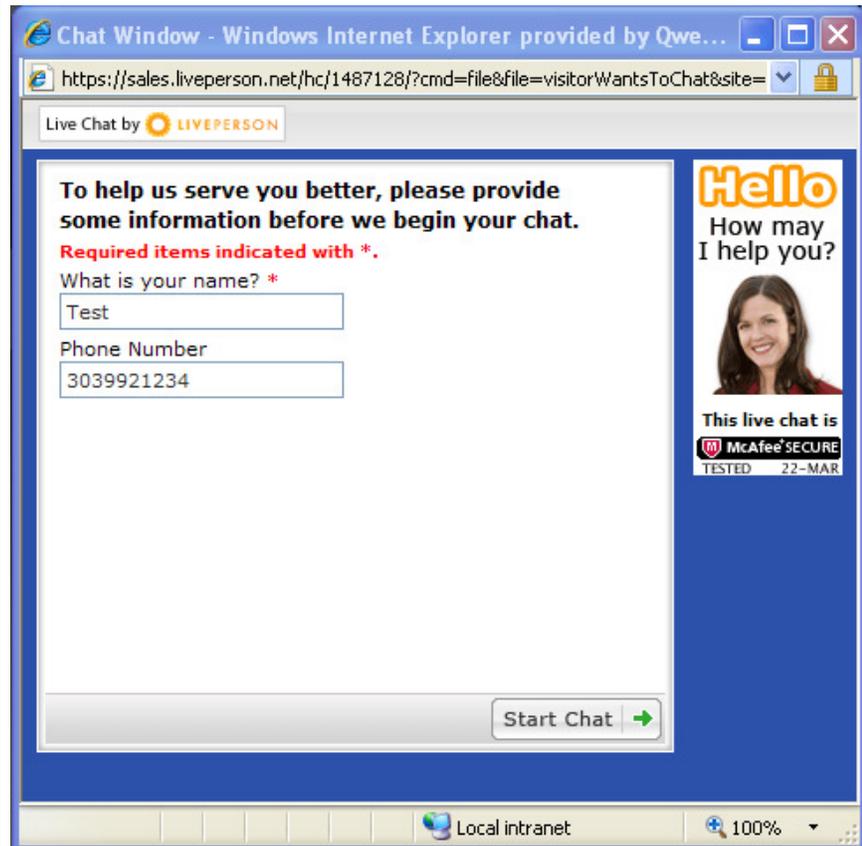

Continued on next page

2

From the **Help Option** dropdown, click on the **Live Help** link. This is access to Click to Chat functionality. If a user is available to answer your chat you will see

- [Live Help](#) is available.

By clicking on the [Live Help](#) you will get a pop screen.

Fill in your name and select **Start Chat**. A chat session will be initiated with a Qwest wholesale representative.

Continued on next page

70

From the **Help Option** dropdown, click on the **Live Help** link. This is access to Click to Chat functionality. If there are no Qwest wholesale users available to answer your chat you will see

• **Live Help** is currently not available.

Clicking on the • **Live Help** will result in a chat window appearing for non-business hours. You can click on the URL embedded within the chat window and fill out a National care ticket.

Logging Out

Overview You may log out of the **Qwest Control** system by accessing the logout link at the top of any screen within the system.

Procedure Follow the steps in the procedure below to **logout** of the Qwest Control system.

| Step | Action |
|------|--|
| 71 | <p>To log out of the Qwest Control system, click the logout link () at the top of the screen</p> <p>Result: The Wholesale.com screen appears.</p>  |
